## 12 PERSONS VICTIMIZED BY FREDERICK SINCE BANK FOUND HIM OUT

Widow and Invalid Woman Among Those Defrauded Since Crooked Transaction With the Mechanics-American Bank.

Examination of the fraudulent Frederick transactions that have already me to light reveals the interesting act that since Frederick was brought to book by the Mechanics-American National Bank in June, 1910, and allowed to remain unexposed, after he had made burg district because of the presence of restitution, at least 12 persons have been victimized for a minimum aggregate of

> One of these is a widow who has probably lost her life's savings. Another is an invalid woman who had relied upon her Frederick investments to protect her declining years. Each intrusted him with her money in good faith. Neither, of course, had any way of knowing about crooked deals around which the bank had thrown the cloak of secrecy. How much of the \$31,000 and more will be totally lost it is impossible to ascertain. One holder of bad paper, the Night and Day Bank, had means of forcing protection upon its investment and made use of them when it was yet time. Frederick, in June, 1910, was a borrower from the Mechanics-American Bank the extent of \$6871. He pledged as until he had had an or collateral security three deeds or trust, one being for \$3500.

About June 30, 1910, William F. The bank investigated the records of the Recorder's office and verified the re-lease. It then made a demand upon rederick for the payment of the loan within 24 hours, and directed him to vithdraw his account from the bank. Walker Hill, president of the bank, who refused to disclose the facts in the Frederick deal before the election, told Circuit Attorney Harvey that he had no personal knowledge of the transaction when it occurred, and that the first he heard of it was about three weeks ago. He said the matter was handled for the bank by L. A. Battaile, who in 1910 mercy of the court. A suggestion was cashier of the bank. He is now liv-

## SCHMOLL TELLS WHAT HE KNEW OF FREDERICK DEALS

Says Attorney Webster Didn's Give Him Whole Story of Day and Night Bank Case.

Chairman Schmoll of the Republican City Committee made a public state-ment before he entered the grand jury room this afternoon as to the extent ulent transactions in advance of the aldermanic election of April 6.

Schmoll said that, several days before the election, he was told that Frederick had been forced to make good loan he had obtained on a deed of trust from a woman and that a forgery had figured in the transaction. He decided, he said, that if this was true Frederick

Schmoll said he was told of a law yer who had represented the woman and who had forced Frederick to make restitution to her. He went to Henry Kortjohn Jr., as Kortjohn knew the asked him to look into it. Kortiohn, he said, told him the charge was false, and that the lawyer whom Schmoll had named to him denied that such a trans-action had taken place. "That settled the matter so far as I was concerned,'

What Webster Told Him. Monday, April 5, the day before the election, Schmoll said, George B. Webster, attorney for the Night and Day Bank, and legal representative of the Republican Committee, told him that the bank had forced Frederick to take up certain collateral which he had placed

Webster, Schmoll said, told him the bank "feared there was some irregular-ity," and that Frederick had repaid the loan and taken the deeds of trust he had put up as security. Schmoll declared that Webster did not tell him the entire story as now known. He did not tell Schmoll, the latter declared, that the bank had found conclusive evidence of fraud, and had required Frederick to vrite an official resignation From what Webster did tell him schmoll said, he imagined that the bank merely became afraid of the loan and

called it in, as banks sometimes do

He went on to say that, with the information he had, ne would not have been morally justified in making his misgivings public on the eve of an election, and thakt he might himself have been liable to a criminal charge had Frederick been shown to be innocent. Schmoll declared also that he had no part in aiding to make a finuancial settlement with the bank. Schmoll complained that to him in the Frederick matter.

## SUIT ORDERED TO PUT A. H. KUHS OUT OF SCHOOL BOARD Action by Attorney Ordered,

Following Reiteration of His Refusal to Resign.

RESTITUTION TO BE ASKED

Order Requiring Restoration of Money Lost Through Site Deai Will Be Sought.

Ouster proceedings, to remove August H. Kuhs from the Board of Education, will be begun in the Circuit Court by the board's counsel, E. M. Grossman, in ompliance with an order voted by the board last night, after Kuhs had repeated his refusal to resign. An order will also be asked for the restitution by Kuhs of money lost or wasted through his abuse of his powers as a member of the board.

Kuhs is under indictment on a charge of being financially interested in the deal by which the northwest high school site, at King's highway and San Fran risco avenue, was acquired by the board. This transaction was exposed by the Post-Dispatch last month.

Resolution Is Adopted.
The board, a week earlier, sitting as committee of the whole, favorably reported a resolution which declared that Kuhs' usefulness as a member of the board was at an end, requested his esignation, and instructed the board's

counsel to proceed for his removal, and or restitution. So long as he remains member of the board, the resolution further provided, he shall not sit on any committee, and shall not be noti fied of any meeting, and no purchases of real estate shall be discussed in his resence. The same resolution was ormally passed last night by the board. after having been reported from the committee of the whole.

Kuhs was present at last night's neeting, and replied "not voting" when his name was reached in the roll-call on the resolution. He was asked y President Mauch to state his inten on as to resigning, and repeated his revious statement that he was not

Says Sage Tea Mixed with Sulphur Restores Natural Color and Lustre—also Removes Dandruff from Scalp.

Gray, faded hair turned beautifully dark and lustrous almost over night, is a reality, if you'll take the trouble to mix sage tea and sulphur, but what's the use, you get a large bottle of the ready-to-use tonic, called "Wyeth's Sage and Sulphur Compound" at drug stores here for about 50 cents. Millions of bottles of "Wyeth's" are sold annually, says a well-known druggist, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

You just dampen a sponge or soft trush with Wyeth's Sage and Sulphur tonight and you'll be amazed at your youthful appearance and the real beauty and healthy condition of your hair within a spendic not plant and draw it through your hair, taking one small strand at a time.

#### PRESIDENT HAS NO PEACE BASIS

Says Only Indirect Assurances of the Pope's Co-operation in Negotiations Have Come.

WASHINGTON, April 14.-Commenting on that part of the Post-Dispatch inter view with Pope Benedict XV, that the latter had sent a message to the President indicating willingness to support any move for peace the United States might make, President Wilson said that several persons had brought him such assurance from the Pope, but no forma

munication had been received. The President was asked if he had learned of any basis upon which the warring nations would be willing to negotiate for peace. He answered that he had not had any such information, officially or unofficially. So far as he knows, he added, there has been no ground for recent peace rumors. The international woman's peace gathering at The Hague, Mr. Wilson said has no official sanction, but it has his

personal sympathy. Cardinal O'Connell, who came her several days ago from Boston, told the Post-Dispatch correspondent that the Pope's message to the American people was one of the most significant incidents of the European war.

"The interview," said Cardinal O'Conneil, "is highly significant because, we all know, the Holy Father is working for peace as no other single force is doing. Peace is the first thing in his mind, the first thing for which he is laboring and praying, day and night. That the Holy See, in these circur stanes, should openly acknowledge the tremendous power of America for good in this world issue is of itself an unprecedented compliment to the American people. It is a compliment which naturally this nation will fully appreciate and realize when the right momen

#### GERMANY PLEASED BY POPE'S PLEA

Believes Appeal to Stop Sale of Arms in America Will Have Wide Effect.

BERLIN, April 14.-The Post-Dispatch's interview with the Pope has created a sensation in Germany, particularly because it is generally interpreted as an appeal to Americans to stop making money out of the war by the sale of ammunition, which also would end the war. It is hoped that it will have a great effect in America in arousing entiment against the export of arms

The Lokal Anzeiger says editorially: 'Of all the various talks of Herr von Wiegand with eminent personalities, the interview with the Pope is one of the most important, because of its far-reaching political effect. Cautiously as the Pope generally expresses himself, his fervent plea to all Americans, both government and people, to avoid every-thing that could prolong the war, can only be taken as an appeal to cease the shipment of arms to the belligerents.

"The love of peace and humanity glows in every word. The Pope cannot be expected to win undivided admiration in the lands of our enemies, but without doubt-and this is very important to us -the words of Benedict XV will have the greatest influence among hundreds of thousands of North American Catho-lics, especially the German-Americans and the Irish, who urge the strictest neutrality."

"I have been a sufferer from gall-stones, and Fruitola and Traxo was recommended and I am glad to say I took advantage of your most wonderful medicine, with wonderful results."

Fruitola and Traxo are two remedies that are used in combination Fruitola acts on the intestinal organs as a powerful lubricant, to the great relief of the patient. Traxe is a compound of splendid tonic properties, of special value in strengthening and restoring the system that has been weakened by constant suffering.

The Pinus laboratories have many letters on file testifying to the merit of Fruitola and Traxo; letters from people who have used the remedy and know from actual experience what it has done for them. For the convenience of the public, arrangements have been made to supply Fruitola and Traxo through leading drug stores. courts lacked jurisdiction to review an action of an executive officer.

Charge Made by Bank,

The bank charged that Secretary McAdoo, Comptroller Williams and Treasurer Burke had been guilty of a system of persecution of it in order to ruin its financial standing. Comptroller Williams, in a reply, declared that recent investigations had "disclosed irregularities and unlawful practices on the RIGGS BANK CASE investigations had discussed integrated and unlawful practices on the fart of certain officers of sufficient importance to merit their reference to the

Department of Justice."

Comptroller Williams, in a statement Monday night, said Brandels had been engaged some weeks ago by the De-partment of Justice as special counsel in the case. Attorney-General Gregory ment of Brandels said: "That matter did not come officially to the attention of the Department of

brought, when it became the duty of Department of Justice has not had at any time under consideration the pros-ecution of the Riggs National Bank for Brandels is not acting for the Depart mean to say that I disapprove the action of Mr. Williams in employing him.' Later the Attorney-General made this statement: "The Department of Justice has employed Mr. Brandels as special counsel to assist in the defense of the injunction process brought by the Riggs National Bank. Up to the filing of the suit the Department of Justice had not had before for official consideration the controversies between the Treasury Department and the Riggs National Bank, but knew in a general way that these existed and might result in some character of litigation. The Department of are in accord and heartily co-operating

Secretary's Action Praised.
Washington financiers, outside the few who happen to be in the good graces of the officials of the Riggs National Bank, praised the action of the Secretary of the Treasury and of the Comptroller of the Currency in throwing down the gauntlet to the management of this institution, whose power and influence in the city of Washington have been a source of comment for many years past. Shortly after Secretary McAdoo assumed his duties as head of the Treas-ury Department, came the break between the Secretary's office and the officials of the Riggs bank. And the contest has been waging with the greatest fury ever since.

The bank has given out a long stateneht reviewing charges made by Comptroller Williams. The bank's stateme calls attention to the announcemen made by Comptroller Williams that inirregularities and that the Department of Justice had engaged the services of Louis D. Brandels some weeks ago as special counsel in the case. The statenent recited that at noon yesterday At orney-General Gregory stated that Brandels had not been engaged by the Department of Justice and the statement that he had been retained was in correct at the time it was made.

The bank, in its statement, declares that Comptroller Williams takes credit o himself for the fact that it is solvent when, in fact, he caused the with drawal of hundreds of thousands of dol-lars during the summer and fall of 1914 "at a time when financial condition were exceedingly uncertain in this country because of the great war

The statement answers Comptroller Williams' charge, made in letters to the bank, that it loaned large sums to wom en for speculative purposes, by saying that Washington has probably more vomen than any city of its size in the world who have fortunes, and adds that its losses through loans to such clients have been neglible.

Officers Quit Stock Exchange. "The fact is," the statement says that the officers of this bank have never advised or encouraged any per son, woman or man, young or old, to speculate in stocks or buy stocks for nvestment, and the Comptroller's insinuation to the contrary is a gross per version of the truth, of which no off version of the truth, or which no offi-cers of the Government ought to be guilty with respect to any matter, and especially the Comptroller of the Cur-rency be guilty of it for the purpose of injuring a bank in the public estima-

The statement points out that offi-ers of the bank who held seats on the Washington Stock Exchange voluntarily gave them up in 1914 because they be leved the Federal reserve act might for bid an officer of a bank acting as a broker on a stock exchange. It says also that many bank officers and directors have rightfully had seats on this exchange. The Riggs officers, it says, gave their earning from this source to the bank, although, it avers, they had perfect right to keep them.

ew York Bankers Divided in Opinion Over Riggs, Bank Controversy. NEW YORK, April 14.—The injunction roceedings brought by the Riggs National Bank against Secretary McAdou and Comptroller Williams and the retor of the Comptroller were topics of discus-sion in the banks of this city. In the Wall street banks sentiment undoubted-ly was in favor of the bank. President lover and Vice President Alles were ndorsed for fighting for what these other hand, there were bankers who pointed out that it was incumbent upon the Comptroller of the Currency to make his examinations most drastic, now that the Federal reserve act was in operation, and in this condition it was argued that the complaint filed by the Riggs bank did not indicate that the Comptroller had done more than his duty in pressing examinations of the in-

COURAGE IS COMMON IN THIS WAR.

Every Englishman knows how to die bravely. The Irish, Scotch and English soldiers face the bayonets, the ma-chine guns as though out on dress padie in the trenches, or at home after thy goes out to most. There are thouands of such men behind the battle ines who went to the front without the strong constitution and good, pure blood to withstand the deprivations, the hardships of the campaign in Bel-gium and France. It's a warning that we should pay strict attention to our stomach, liver and blood. If one is all out of sorts he should take an invigor-ating tonic and alterative such as Dr. Pierce's Golden Medical Discovery which cures diseases of the stomach and organs of digestion and nutrition. It eliminates from the blood diseasebreeding poisons. It makes the blood rich and pure, and furnishes a foundation for sound, physical health. Fifty years ago, Dr. Pierce, of the Invalids' and roots manufactured by using gly-derine without the use of alcohol or opiates, made into a concentrated den Medical Discovery, made a stimu-lating tonic for the stomach, helped the digestion and assimilation of the food digestion and assimilation of the rood and eradicated poisons from the blood. This is nature's cure for indigestion, and by correcting the stomach, and thereby feeding the blood on pure materials, the red blood corpuscles are in-creased and the body established in a ealthy state. No one suffers from ca tarrh who has plenty of red blood corin all its forms is a stagnation of the blood. Introduce pure red blood into the system by taking the "Medical Discovery" and health is assured .- Adv.

Acts in Place of Frederick in Directing Organization of Board Next Tuesday.

MEMBERS TO TAKE OATH

Session Will Be Held in House of Delegates Chambers at 4 O'clock.

Mayor Kiel today prepared a call for the first meeting of the new Board of Aldermen, to be held at 4 o'clock next

Tuesday afternoon in the former quarters of the House of Delegates.

This call, in the regular course of affairs, would have been issued by the President-elect of the board. Owing to the indictment of President-elect Frederick, and his announced retirement from his official position, the Mayor was advised by the City Counselor's office that he was the proper person to issue

The 28 members of the board will be sworn in at the first meeting, and those who have already qualified and taken the oath will probably repeat the cere-mony at that time.

The House of Delegates chamber contains desks for 27 members, besides the Speaker's table. Three more desks will be added, two of them for the Mayor and Comptroller, who will have the privileges of the floor, but will not vote on legislation. The third will be needed whenever the board has a full member-ship of 28 members besides the Presi-dent. This will not be for two years, vacate two more seats in the board. Then a special election could be held for a President and the two Alder-

Frederick's attorney, Henry Kortjohn, has advised him to qualify as a member and then resign. The formality of qualifving will take place at some time before the board's first meeting, and it is not anticipated that Frederick will appear at the meeting.

The 28 ward members-elect of the

board attended a luncheon at the City Club yesterday and discussed their pending work, without any direct allusion to Frederick.

## RAILROADS SAID TO HAVE SQUANDERED

State Commission Asked to Inquire Into Awarding of Contracts for Ties and Steel.

By a Staff Correspondent of the Post-Dispatch. JEFFERSON CITY, April 14.-W. S. mittee of the Producers, Shippers and Consumers' Protective League, today filed a petition with the Public Service on asking that several rallroads be required to show whether or not they have squandered funds in steel and tie contracts, made with private corporations in which relatives and friends of railroad officials are financial-

ly interested.

McCaull recently filed an intervening petition opposing the proposed increase of rates. The petition made broad general charges of the same nature but contained no specific facts. McCaull declared that all the facts could only be clared that all the facts could only be obtained from records on file in the offices of the railroad companies, and demanded that they be ordered to produce them for examination by the commission. The commission suggested that McCall amend his petition and specify the contracts he wanted examined and promised that the carriers would pro

With his amended petition McCauli today propounded the following interrogatories, addressed to the Chicago, Rurlington & Quincy, Chicago, Milwauke & St. Paul, Frisco, Iron Mountain and Missouri Pacific. d Missouri Pacific.

Each of the carriers may state what it paid during the years 1919 and 1912, 1913 and 1914 and 1915 for No. 1 white oak ties f. o. b. cars St. Louis or Kansas City, or other stations on their lines or injricks on the right of way of the car-

The carriers may state whether or not there was on file when such contracts were let, bids from other individuals or corporations offering to furnish ties at a less price than the contracts were let for.

"The Frisco may state what rela-tion, if any, Mr. Nixon of the Frisco is to Messrs. Nixon of the Western Tle and Timber Co., and what rela-tion, if any, by blood or marriage, state, if any, by blood or marriage, states between the Nixon family of the Western Tie and Timber Co. and Middleton, traffic manager of the

"The Frisco may state what it is paying for its tool steel and whether and, when the present contract as signed, it had on file bids from other company at a much less

price. "The Frisco may state what connection, if any, its general engineer, Mr. Jacobs, has with the American Railway, O. C. Welding Co., and what material it is buying from that

company,
"The Frisco may state how many
of its engines are now being
equipped with what is known as the
Schubert sectional firebox, and the cost of the same, and what connec-tion, if any, Mr. Jacobs has with the company furnishing same, and whether or not these are the same kind of sectional fire boxes that have been recently discarded by Santa Fe.

Wants Inquiry on Passes.

The Iron Mountain may state whether or not it furnished passes to E. E. Stone, Judge Lucey and W. A. Leach for their transportation to Jefferson City during the last session of the Missouri Legislature and the value of such transportation, also the amount of tation, also the amount of transtation and the value of the same used by the same three gentlemen in secur-ing signatures to a petition to this com-mission for advanced freight rates, which petition has been filed as Iron Mountain exhibits Nos. 26 and 26, if, as s matter of fact, these three gentlemen, or any of them, did circulate said pe-tition and use free transportation in

In support of his charge that special rates were made, discriminating in favor of certain corporations, McCaull demands this information:

"The Frisco may state what friend or

relative, if any, asked for the estab-lishing of tariff 1771%C on ties from Mansfield, Mo., to Ames, Io., and what portion the Frisco received from ship-ments under that tariff up to Kansas

"The Iron Mountain may state whether or not in 1911 and 1912 its Mr. Perkins promised the representative of the Fullerton-Moses Tie Co. that it would reduce the rates on ties from points on the White River district in Missouri to points north of Kansas City: If the F. & M. Tie of Kansas City; if the F. & M. The Co. should get contract for the St. Joseph & Excelsior Springs Electric Railway by underbidding other bidders. The Iron Mountain may also state why its tariff department denied that such a tariff was in ex-

istence, thereby denying other ship-pers the banefit of same.

"The Milwaukee may answer why it denied during the existence of the tariff mentioned in last item above, that they were a party to any such

that they were a party to any such tariff.

"The carriers may state whether or not they have agreed with each other to penalize all persons or companies that have taken any part in compelling the carriers to comply with the Missouri maximum freight rate law and will they give to this commission all information they have concerning such agreements.

"The Frisco may state whether or met during 1913 and 1914 it purchased les in Missouri and elsewhere from its contractors and shipped ties so purchased to the Chicago & Northwestern Railway, the Milwaukee, the Madison Tie Co., and the Cattle River Co., and if so what prices it received for such shipments.

"Also, after deducting the regular published freight rate on such shipments was there a profit or loss sustained by it on that transaction."

McCauli also demands that the railroads file statements showing what it cost them to maintain their to-called campaign of education" in

newspapers and magazines and the amount of money they spent for the extensive lobby through which they tried to influence legislation in the last General Assembly. He also asks how many of the thousands of tele-grams received by members of the ow many of the thousands of tele-rams received by members of the egislature were sent free and how soc a bottle at all druggists.

## JOHNSON HERE TO SEE BROWNS AND SOX OPEN SEASON

ST. LOUIS POST-DISPATCH

American League President, Charles Comiskey and Other Notables to Attend Inaugural at Sportman's Park.

By W. J. O'Connor.

REATHES there the man with soul so dead, who never to himself hath said:

That's the way Mr. Scott might start a first-day baseball story and after all, Scott knew as much about writing as anybody else. It's his misfortune that he didn't "do" baseball.

However the open season for umps, and incidentally grandmothers, is here, for the Browns this afternoon bump the White Sox at Sportsman's Park in the local A. L. inauguras. President Ban Johnson, accompanied

by the great patriot, Charles Comiskey, has come down from Chicago to see whether Mayor Henry Kiel has shown any improvement as a curve ball pitcher. The Mayor always had a hop to his fast one—it hops about three feet in front of the plate—but he couldn't control the curve.

Mayor Will Pitch.

Today the Mayor will pitch to the une of "I Didn't Raise My Boy to Be a Soldier," while a quartet armed with megaphones will gargle the words. This year's brand of musical classics is calculated to steady a pitcher, even one as wild as the Mayor.

There will be a band of union musicians who have it in their contract to render "He Walked Right In and Turned Around and Walked Right In and Turned Around and Walked Right Out Again" as soon as the first man strikes out. That's important. They've been doing:

the Federal League, there will be Mowrey League. no less than 24 changes in the per-connel of National League clubs this aft-rnoon when the bell taps for the start of nostilities in another championship campaign. The outlaw league has sapped the strengt. of the parent body,

nearly all the playing assets of the new organization being drawn from the senior body.

In the American League there are only il important changes over last season. Five of these are to be made in the White Sox. Two clubs in Ban Johnson's organization—Red Sox and Nationals—will stand pat. Detroit and Cleveland each made one shift in the battle front, both at second base. Rodgers supplants Lajole for the Naps while Young is Jennings' pick.

But all in all, the American League has suffered little by the Fed raids and the junior league is coming back, stronger if anything. There will be two have ever fought.'' be said. ''Our strength is well matched. Boston and New York of course, have fine clubs, while St. Louis and Chicago have fighting teams that will not take defeats without giving their opponents a great battle. wo new managers, Roger Bresnahan with the Cubs and Pat Moran, with the Phils. The most important feature of the A. L. shifts is that four clubs will show new second sackers. Lajole and Eddie Collie were traded, while Cleveland and Detroit will try out youngsters. There will be three debutante first sackers—Dick Kauffman with the Browns, Bunny Brief with the Sox and Pipp with the Yanks.

The outstanding feature of the N. L. The outstanding feature of the N. L. changes is that four new shortstops will be introduced. Daringer of the Cards, Gerber of the Pirates, Bancroft of the Phils and Fisher of the Cubs

are newcomers.

Each of the three pennant contenders in the National League has added one regular to the team, outside of pitchers. McGraw will show Lobert at third, Stallings will exhibit Sherwood Magee in center, while Huggins displays a plece of shortstop bric-a-brac in Rollander.

Daringer.

The Cincinnati club has made the greatest number of changes in the older league, Herzog having no fewer than six men in the opening-day lineup today, who were not there a year ago. Pittsburg also presents a strange front

Brooklyn Fighter Forces His Coast Opponent to Clinch and Back Away.

By Harry S. Sharpe. feree for the Future City Athletic Club and the Post-Dispatch

The exhibition between Johnny Solerg of Brooklyn, N. Y., and Jimmy Fox of San Francisco, Cal., at the Future will boys City Athletic Club last night, may have quite suited some who like rough, foul box-

Both Solberg and Fox violated the The Weatherman rules by hitting while holding and by hitting when made to break THERE was a man who made his away from clinches. One was as bad as the other. Fox got the worst of it, And through his government con-

he sent in shook Fox from his head to his heels.

Had Fox been strong enough to use his speed, cleverness and footwork to best advantage he might have outpointed. Solberg; but he was unable to keep the pace and fell into clinches to protect himself, and on these occasions he was met with some hard punches to the body that slowed him up.

Had Solsberg been able to hold Fox off in the two last rounds and prevent him from clinching, it is probable he would have scored a knockout, as he was stronger and his punches were much harder.

As a boxing match, it was a poor exhibition.

#### White Wins Comedy Bout.

The semi-windup, between Nate Kalb and Frankie White, both of Chicago, was one of the funniest bouts ever boxed here and had the crowd laughing from start to

and had he clowd tauking from start to finish.

White is a very clever boxer, and he had so easy a time in outpointing Kalb that he purposely contributed to the fun by creating opportunities for Kalb to display some of the funny antics fer which he is noted. Kalb hit from any angle and in all directions. and without any regard to distance. Some of his swings miss by several feet, but are swished through the air with whirled off his clear and on one of his face on the mat.

Harry Phillips of Brooklyn, N. Y., opposed an awkward boxer in the preliminary by the name of Billy Meyers, whose home is in New York City. Meyers assumes a ridiculous crouch in the ring, but swings either hand with terrific force. It took Phillips a couple of rounds to solve his style, and then, in the third round, he got in a couple of good raps to the law, and Meyers duit, saying "I'll give up."

Score of 2960 From Scratch Puts Team in City Tenpin Tournament Lead.

Rolling one of the best matches ever Bunny Brief, the renegade Brownie, will make his debut against his old companions today. Bunny, needless to say, will do his goldarndest to show the Colonel what a mistake he made taking his name off the Brownie payroll. A. J. Kuhs team last night went into first place in the five-man event of the city tourney on the Washington alleys with a remarkable total of 2960 from scratch. The quintet has not yet beer awarded its handicap, which at present is being questioned, and without a "Chief" Bender, like his old side partner, Eddle Plank, lost his initial game as a Federal. However, the season is young, and both Eddle and the "Chief" will turn in very respectable cards at the close of the doubt the added pins will put the mark well over the 3000 mark.

This mark by the Kuhs is 43 pins bet-This mark by the Kuhs is 43 pins better than the grand total of the Harry Juniors, the old leaders. The Harry Juniors shot 2917, being aided by a handleap of 168. This was the only change in the leaders yesterday.

Scheer and Oestereicher did some remarkable rolling for the Kuhs in their record match. Scheer, rolling fourth started with 235, came back with 246 and wound up with 178, for a total of 657, an average of 219. Oestereicher, another man, bowled games of 219, 193 and 198, for a 610 total and an average and 198, for a 610 total and an average of 2931-3. The low man for the quin-tet was Widner, with 542, which is a very good average of 1802-3. Vaughn totaled 562 and Ritter 589.

#### Looks Like Winning Score.

The total rolled by the Kuhs last night may land them first money, as it is one of the best scores rolled in a city tournament. If, when the final handicaps UNDERGRADS TRIM M. T. S.

nament. If, when the final handicaps for the team is given out, the Kuhs are conceded 150 pins, the total will be 3110, and it will take some great rolling to replace them.

The Olympic Turners, with 51 pins gratis, counted 2856 and went into fifth place, with a 2844 score, having 153 pins thrown in.

Scores in the two-man and individual events on the De Soto-Pine alleys were only average. Patterson, with 594 from scratch and a 36-pin handicap, giving him a grand total of 590, did the best rolling in the individuals. W. Scher, with 687, is the high man in this event.

In the two-man the count of 1152 by Wurf and Stockman was not threatened, the best score best growing a handicap of 90 pins.

The entries for the scratch tournament, which will be started immediately after the close of the handicap affair, close today.

RUDOLPH VS. ALEXANDER BOSTON, April 14.—The opening of the National League baseball season found the world's champion Boston team eager for its first game against Philadelphia at Fenway Park today. Mayor Curley had accepted an invitation to throw the first ball, and a band concert was arranged. It was expected that Rudolph would pitch for Boston and Alexander for Philadelphia. The day opened clear and cool.

#### BASEBALL BRIEFS.

Although the world's champion Braves made only four bingles off Cram, pitcher for the Brown University team, the crew of George Stallings won, 5—0. Passes issued by the Brown flinger helped the Braves to their counts. Cocrehan and Crutcher were found for three safeties.

The four ex-Cardinals, Ed Koney, Mike Mowrey, Rebel Cakes, manager, and Pat Connor, made five of the nine hits the Pittafeds gathered off Johnson, McConnell and Fisk of the Whales. Mowrey was the eader, getting two out of four.

After Myers, a pinch hitter, had walloped out a double with the bases full in the third inning. Schultz of the Buffalo Feds tightened up and did not allow another bingle. Three hits was the sum total made by the Brooklyn team. The two-day suspension of Manager Lee Magee of the Brookfeds expires today and he will be back in the game.

Although a youngster named Parker to Brooklyn club to four bingles, the tics lost, 4-2. The Mackmen grabbed ows off Dell and Smith.

The Browns and White Sox will be guests of Manager Joe Walsh of the serial Theater at tonight's performance, untire lower boxes have been reserved for all tossers. Lew Kelly, a former dayer, is one of the headliners at the erial this week.

Well, Here's the Form Sheet, Boys.

LD MAN DOPE still resolutely refuses to name the teams that will win the pennants in the respective baseball races that begin today. He says the picking game has sunk considerably, in popular estimation, and is now largely confined to the lemon industry.

The Old Scout is willing, however, to year. Walter will have to pitch about give us a lamp at his dope sheet which he annually prepares for ready reference. Here is the real stuff, he says:

Cleveland—Good night!

#### National League.

St. Louis First-class pitching aff; better infield than last year, if

utility infielder, is well spoken of.

New York—Strengthened by Perritt and Lobert, and with some of the second-string pitchers improving, Medrav's team should make a strong bid. Doyle is hitting this year, following complete recovery from auto accident. If Burns recovers quickly the team appears to be a pennant factor.

Chiese Received to the second strength of th

to be a pennant factor.

Chiengo—Roger's team will have punch and fire. It's outfield isn't up to championship standard, and his infield has a novelty or two in it. But the club's catching will be exceptional, its pitching good and its hitting hard and timely. In the present condition of the League the club can hardly finish out of the first division.

Brooklyn—A hard-hitting team, probably the best free-slugging outfit in either league. If Rucker shows well the team's pitching will be fair. With better management than last year, the club might cause trouble.

Philiadelphia—Improved by the

Philadelphia—Improved by the "canning" of Dooin, Magee and Lobert, stars who handicapped instead of helped the team. Moran will at least get teamwork out of the sadly broken outfit he heads. The club can't be figured out of second division by any known sort of mathematics.

known sort of mathematics.

Cincinnati—Baseball players, in a straw vote taken in training camps, agreed that Herzog's team would finish in first division. This was not an agreement, but a conspiracy. That's the only way Buck's outfit can land that high—on paper at least.

Pittsburg—Clarke has lost his players and his grip. His present outfit doesn't seem to count.

#### American League.

American League.

St. Louls—Uncertain—club with some good qualities and a live-wire manager. Pitching staff will have to perform more consistently than last year to be considered first-class. Team has several good hitters and fielders, but a tendency toward erratics is manifest. The club seems to fall short of championship class just now.

Philadelphia—The old machine has pulled up by the roadside, to let the procession pass. The loss of Collins, Baker, Plank and Bender, without the acquisition of any talent worth mentioning to take their places, sufficiently explains the case. First division a possibility, but that seems all.

Boston—Real pitchers, real hitters,

vision a possibility, but that seems all.

Boston—Real pitchers, real hitters, improved infield and evenly distributed strength everywhere make this the "dope" club of the league. If Joe Wood should come back to 1912 form, and nothing happens to Hubert Leonard, it's "here she comes" and "there she goes!"

New York—A dark horse club that has been sneered at until its real showing has been lost sight of. Caldwell is back and if High and Pipp can lend any sort of strength this team will stand for a little watching.

Detroit—Is not materially strength ened and will miss Burns and Pitcher Main, the former recovering from an operation, the latter having gone to the Feds. Ty and Sam will have to keep in the first division.

keep in the first division

white Sox—Another doubtful one. Pitching staff has been highly, perhaps overrated. Ought to do better than last year, thanks to changes in lineup and addition of Collins.

#### Did Fielder J. Boot One?

St. Louis—First-class pitching staff; better infield than last year, if Huggins stands up; outfield apparently strengthened by the addition of Bescher and Long; catching department shy first-class receiver. Loss of Wingo and Perritt may be made up by deals pending. Mage not missed.

Boston—Strengthened by the best clean-up hitter in the League, the Braves have a good outfield this year. Team's pitching still appears a three-cornered affair, unless Davis develops. Backstops O. K., but infield may be weak at far corner, Red Smith's broken leg still bothering him. Fitzpatrick, utility infielder, is well spoken of.

New York—Strengthened by Per-

### Changes Fewer in American League Than in National for Today's Opening Games

T HAT the American League is forced to make few changes in its opening-day linups for this afternoon is partially explained by the fact that Ban Johnson's organization didn't lose many men to the Feds. In the table submitted below, the new players are indicated by asterisks. The probable lineups of both Leagues are here given with the contemplated changes:

as the other. Fox got the worst of it, however, as he was not so strong as Solberg, nor was he in as good condition.

In the latter rounds of the bout Solberg was the aggressor, following Fox about the ring and paying but little attention to the punches that the California boxer landed upon his face and body. His purpose seemed to be to get over a decisive punch. He failed to get a knockout, but many of the punches he sent in shook Fox from his head to his heels.

Kid Williams the Only Scrapper Who Has Shown Superiority to Californian.

HAS BEATEN OTHER RIVALS

Man He Fights Here Thursday in the List of Men He Has Conquered.

The presence in St. Louis of Eddie Campi to box Frankie Burns at the Coliseum Athletic Club on next Thursday night assures an attraction that is ch above the average. These men are aspirants for the bantamweight title and both are challengers of Bantamweight Champion "Kid" Williams.

Of the four most prominent bantamweight boxers in the country—Champion "Kid" Williams of Baltimore, Frankie Burns of Jersey City, Eddle Campi of San Francisco and Charles ("Dutch") Brandt of Brooklyn—Campi is conceded to be the cleverest boxer of them all. He is not a hard hitter, and depends upon scientific boxing ability to win his bouts, especially is this true of the last four years of his career.

During that time he has engaged the best bantamweights with whom he could secure matches.

Campi's most notable matches have been with "Kid" Williams, Frankie Burns, Charley Ledoux (the French champion) and "Louisiana" (Joe Biderberg). The only one of this remarkable quartet who seems to have held a declsive edge over him was Williams. The latter won a 20-round bout from him on Feb. 2, 1913, at Vernon, Cal., and on Jan. 31, 1914, at the same place, knocked him out in the twelfth round. tamweight Champion "Kid" Williams.

liams and lost a 20-round decision of to Herman at New Orleans on Sept. 13 of last year.

Campi reached St. Louis last evening. He has been boxing regularly of late and is in good form, as was demonstrated by his defeat of Jimmy Murray in New York City on last Saturday night. However, his long trip, with only Wednesday and Thursday to prepare himself for his encounter with Burns may place him at a slight disadvantage. Burns has been here since Monday morning, working out at the South Broadway and C., and is in good condition. Brandt Not in Shape

#### Campi Has Beaten Burns

Campi Has Beaten Burns

Campi won from Frankie Burns, the man he is to meet on next Thursday night, in 20 rounds, at Vernon, on May 29, 1913, and then boxed him a 15-round draw at Denver, Colo., on Oct. 10 of the same year.

In his bouts with Ledoux and "Louisiana," Campi was the winner, receiving a decision over the former after 20 rounds on June 24, 1913, at Vernon, and outboxing the latter in a no-decision six-round bout that took place in Philadelphia on April 21 of last year.

Campi was born in San Francisco, July 4, 1893, and is of Irish-French descent. He is 6 feet 4 inches tall, and has a reach of 69 inches. He has been boxing for about seven years. His right name is Eddie Tecampos. According to the records, Campi has lost but four decisions. The men who are credited with defeating him being Jimmy Fox, "Kid" Williams and Pete Herman. Weather Clear and Cold for N. L. Opening in Chicago-Big Parade Planned.

CHICAGO, April 14.-With St. Louis as their opponents, the Chicago Nationals were ready for the opening game of the season here today. The day was clear and preparations had been made clear and preparations had been made to handle a record-breaking crowd.

Manager Bresnahan planned to start Pitcher Vaughn, while Sallee was the probable pitching selection of St. Louis. Catcher Archer, whose fingers were damaged on the training trip, was in improved condition and ready to take his turn behind the plate. With Archer in the game, Bresnahan planned to direct the play from the coaching lines.

A parade of automobiles from Grant Park, on the lake front, to the ball park, and the usual opening day ceremonies were to precede the game. Cliff Brady Released

Manager Huggins arrived here this morning from Cincinnati and reported to his serfs who reached these ed to his serfs who reached these parts last night. Huggins failed to land Catcher Gonzales from the Reds. although he seems satisfied with his conference with Garry Herrmann.

The Cardinal manager announced today that he had released Cliff Brady, a St. Louis youth who made the training trip to Texas, to the Decatur (Three Eye League) club. Brady will report on call, as he is satisfied with the swap.

The Cardinals all are fit for battle, although it is doubtful even this morning whether Dolan or Long will show in center. They may alternate.

added to the curriculum of the gymnastic work.

However, the ring sport has taken such a hold at Washington that several of the students have turned their attention from baseball and other college sports to boxing. Next Saturday afternoon, "Puff" Martin and "Boise" Potthoff are scheduled to meet in a bround bout for the light heavyweight championship of the university, "Marquis of Queensberry rules, with no hitting on the breaks."

The two boxers are to enter the ring at 175 pounds. Both are now a little overweight, but with a bit of road work should be able to get within that figure. The bout will be held outdoors on the Francis Field campus. Either Eddle Randall or Dr. William Edmunds will act as the third man in the ring. "Puff" Martin first started his climb in the road to the championship when he knocked out Jerry Meyers, claimant to the title, several weeks ago. Potthoff challenged the winner of the bout at ringside.

It is planned to hold tournaments in the various other weight divisions. Several weeks ago two bantams, Jolly and Cozzens struggled to an eight-round draw.

The bout will be but one feature on an

# INDICTED TANZER

True Bill Returned Against Her Lawyers and Detective Employed by Them.

NEW YORK, April 14.-Roe Tanzer, who was indicted yesterday by the Federal grand jury on the charge of using the mails to defraud James W. Osorne, former Assistant District Attorney, appeared in court today and entered a plea of not guilty. She was released on a bond for \$5000.

David Slade, her former attorney, indicted yesterday with his brother, Maxwell Slade, on the charge of obstructing justice in connection with the case was expected to plead later in the day Maxwell Slade surrendered yesterday and was released in \$5000 bail. Alfred J. McCullough, a detective employed by the Slades, who was also indicted and for whom a bench warrant was issued, has not been found.

The indictments returned yesterday against David and Maxwell Slade charge them with having "corruptly endeavored to influence witnesses in a proceeding and with having "corruptly endeavored to influence, obstruct and impede the due administration of justice" in the action taken by the Federal authorities against Rae Tanzer after she had brought suit against James W. Osborne, former Assistant District Attorney, charging breach of promise to marry

Tomorrow afternoon the grand jury, which returned these indictments, as well as those against Henry L. Safford nd Rose and Dora Tanzer, will resume ts inquiry. Assistant United States! District Attorney Samuel Herschenstein says "it will find other indictments."

False Photograph Plot Charged.
A charge not heretofore referred to appears in the second indictment against the Slades. This is that they 'arranged for the preparation of a false "arranged for the preparation of a false of and misleading photograph which was to be taken in such a manner as falsely to indicate that said James W. Osto be taken in such a manner as false-y to indicate that said James W. Os-porne and the said Rae Tanzer had deretofore been willingly photographed together, which photograph was intended for use in any judicial proceedings

which were to follow."

It is added in the indictment that David and Maxwell Slade, at their offices, 200 Broadway, on March 23, "had a conversation with Clarence Le Gen-dre." Le Gendre is a staff photographer of the New York World, and while United States District Attorney Marshall replied to inquiries regarding this charge, "I must ask you not to ask me any questions about this," it was unlerstood that the allegation is that Le Gendre was asked to make a picture of James W. Osborne and the Tanzer girl so that they would appear to be stand-ing together, when, in reality, the picture would have been the result of two exposures against the same back-ground. Le Gendre laid information of this proposal before Marshall. Later he testified before the grand jury re-

## **GERMANY GROWING** STRONGER, SAYS SHIPPING PRINCE

Herr Ballin, After Seeing Kaiser, Tells Correspondent of Economic Conditions.

CONFIDENT OF VICTORY

There is probably no person, mili-tary or civil in Germany today who is closer to the Emperor than Herr Ballin. director-general of the Hamburg-American line. It is doubtful whether the members of the Kaiser's household enjoy his confidence more than does the head of the great steam-

ship corporation. When the war started, Emperor William looked to Ballin to see to it that the economical situation be well cared for and that the arr which had been mobilized be promptly and

efficiently provisioned. Since hostilities started the Emperor has been in the field with his troops. Now and then Ballin has been sum-moned to army headquarters for the purpose of conferring with the Kaiser. He has visited him in the east as well freely and unreservedly discussed affairs of state, but particularly economic questions, which, after all, were of most vital importance to the future

and to the probable outcome of the gi-Meets Ballin at Hamburg. In order to learn the facts as viewed by the Emperor himself, the Post-Dispatch correspondent placed himself in communication with the shipping magnate. The wishes of the Post-Dispatch were made known to Ballin. Some days later an invitation was extended to the to come to Hamburg. Ballin had by that time returned from his latest visit to the Emperor, whom he had found at general headquarters in

the field, of course, but just exactly where Ballin did not make known and the writer did not press his informant or specific information on that point.
Ballin was in his office overlooking the Alster basin in Hamburg. Just behind the desk and as though he were looking over the shoulders of the German shipping lord there was a life-sized

painting of the Kaiser. After the writer had made known the exact nature of his mission to Germany at this time, Ballin said he was glad at this time, Ballin and Ballin a

"In the first place, I want to congratulate the Post-Dispatch and New York World," continued Ballin, "because of their great sense of fairness and every German appreciates the fact He has visited him in the east as well as in the western theater of the war patched a representative to our country to learn at first hand just how matters stand with us. I know that you have just completed an exhaustive travel through our country; that you have seen things with your own eyes, and all we ask is that you represent matters just as they are; just as you find them. When you do that, and we know you will do that, for otherwise the Post-Dispatch and New York World would ot have sent you to Germany now. We are satisfied that the feeling which up feeding our army. The writer told Ballin that what the American people wanted to know at first hand was how long the war was going to last. Ballin shook his head, shrugged is shoulders and, with a smile, replied: "My dear sir, this is a question which nobody in Germany can correctly answer today. We simply don't know. wish I did know."

Kaiser Directs All Big Moves. Ballin said that the Emperor attended to nearly every detail as far as the war was concerned. He stated that everything of importance is referred to the Kaiser and that he is personally

directing every important movement.
"And did the Emperor say anything to you about America-about the shipment of arms and ammunition from the United States to the allies?" was asked. The lord of the merchant marine shook his head, saying: "We never

discussed that question at all." Ballin was asked about the future of the shipping interests between Germany

"Well," he replied with a good-natured grin, "as far as that is concerned hipping across the Atlantic Ocean from Germany has stopped entirely: that is now only on the Baltic and in the North Sea. The only direct communication by steamer between Germany and the United States is by the cotton steamers that come under the American flag and they sail only from Bremen. There are none coming from Hamburg, you know. These cotton steamers take the

times a day.

The first dose should begin to relieve the most miserable headache, dullness, sneezing, sore throat, running of the nose, catarrhal discharges, head noises and other loathsome symptoms that always accompany this disgusting disease. Loss of smell, defective hearing and mucus dropping in the back of the throat are other symptoms that show the presence of catarrh and which may be overcome by the use of this simple treatment. Every person who has catarrh should give this prescription a trial. There is nothing better.—ADV.

## We Buy Cars

## To Compare with the Hudson

We buy about every new model which seems good enough for others to buy. We take them apart. We compare their road service with Hudsons. Hudson engineers know the good things developed anywhere. Any feature we omit is left out for good reason.

Each car has some unique feature -differences on which to base claims. But practically all those features have been refused or discarded, or bettered in Hudson cars.

The Light Six

As It Will Be

#### Even Extra Weight

Extra weight is featured as a virtue in some Light Sixes.

The truth is that every needless pound is expense. You pay for it daily in fuel and tires. An extra of 450 pounds is the weight of three adults, to be carried constantly.

Hudson weighs 2870 pounds. It is the lightest of its type. But lightness requires skillful designing, costly materials, aluminum, special

It also requires time. Four years were spent in attaining the refinement you see in this Hudson. Those are the real reasons why other Light Sixes are heavier than Hudsons.

#### Is Hudson Right?

Nearly every motor car buyer seeks lightness today. He is weary of over-tax. And he wants all the lightness he can get without sacrificing strength. The Hudson gives you that.

It is known to be right because Howard E. Coffin designed it. And because every part is built to Hudson standards.

It is known to be right because over 12,000 owners have tested this car. The have driven it at least 30 million miles. Not a fault has been found in it, not a weakness or shortcoming.

You will find in this Hudson your ideal car. It is handsome, luxurious and finely finished. Every detail shows the final touch. It is the pioneer of its type, the lightest, the most improved. It is the only Light Six which has been so well tried out.

This Hudson will be your first choice. Don't wait to prove this. Spring, as last Spring, there is sure to be a vast over-demand for this car.

I was very much interested in an article in today's Post-Dispatch on the subject of tuberculosis. echsidered by the medical profession and the St. Louis Health Commissioner, in particular, as very "presumptuous" for a "mere layman" to criticise or offer suggestions on the subject. Nevertheless, a blind hog finds an acorn once in awhile," so will risk a "rebuke" and offer a suggestion that "prevent" somewhat or lessen the danger of contracting tuberculosis, viz: Insist on thorough sprinkling of the streets. sweeping of streets.

This is the only large city where such practices (sidewalk and street dry sweeping) is tolerated. If our learned Health Commissioner would do something to stop the nuisance mentioned he might greatly reduce the spread of the disease. This was called to his attention several years ago by the writer. His answer was that there had been an ordinance introduced to cover this complaint. I have never heard of it since. The practice continues. We do not need an ordinance just to enforce what we have, but possibly that nerant people know about such things? The very OLD ST. LOUIS CITIZEN

Facts published in Tuesday's Post-Dispatch show that Chairman John Schmoll of the Republican City Committee, had full knowledge of Frederick's transactions in forged deeds of trust with the Night and Day Bank. The officials of the bank had complete evidence of the crime and the bank's attorney, under instruction, had informed Mr. Schmoll of the facts.

.Mr. Schmoll and his associates in the Republican organization could have informed all the voters of the crime through the Monday and Tuesday newspapers and thus have prevented the disgrace of his election.

The officials of the bank might have informed the Circuit Attorney and the newspapers of the facts and thus prevented Frederick's election.

Walker Hill, president of the Mechanics-Amer ican Bank, when his attention was called to the fraud practiced on his bank, with a request for the facts, might have released the evidence for publication and prosecution and thus prevented

Circuit Attorney Harvey, when his attention was called to the statement that a crime had been committed, might have acted promptly upon the information and urgent suggestion of the Post-Dispatch and obtained from the Mechanics-American Bank evidence which would have prevented Frederick's election.

All of these things might have been done in the interest of St Louis and the public welfare They were not done. Partisan, business, personal interests and official inertia overcame the public interest. The facts were concealed. The voters were duped. St. Louis suffered the humiliation of electing a forger to the head of the new Board of Aldermen.

In addition to the task of prosecuting the guilty there should be a thorough inquiry into the practice of concealing crimes in business transactions. It protects criminals and permits them to prey upon others. It deceives the public.

#### THE FUTURE REINDEER TRUST.

The consumer is not cheered much by the promise that the national meat supply will soon be amplified from the tens of thousands of reindeer in Alaska. A Reindeer Trust controlling the price to the raiser of venison on the hoof as effectually as the price to the public of steaks and roasts and boiling pieces would be perior, but even under the present system a fee formed quick enough to prevent material damage to the impregnable old Beef Trust.

#### BERNHARDI'S REPROACH.

The very notable interview with Gen. Von Bernhardi which appeared in the Post-Dispatch think that it is time to give our children the Tuesday, contains one passage which few Ameriof our park picnic grounds. There are cans can ignore. #### THE REPUBLICAN PARTY'S CHANCE

The School Board convention of the Republican party committed itself to perpetuate the bipartisan School Board. Mayor Kiel, although refusing to request any member to resign, has promised to do his part in maintaining the bipartisan board by appointing Democrats to any places made vacant by the resignation of Re publicans.

The Citizens' Committee has urged the two candidates, who under the bipartisan plan would have been replaced by Democrats, to resign and let the Mayor appoint Democrats in their places. Chairman Schmoll has declined publicly, as head of the local Republican party, to take any action on behalf of the party to perpetuate the bipartisan agreement by securing the withdrawal of these two candidates.

The Board of Education now for the first time will be overwhelmingly in the control of one political party. Will that party keep its pledges to the people by doing what it may easily donamely: obtain the withdrawal of two of its four new members and allow the Mayor to appoint two Democrats in their places?

#### BEFORE YOU PAY YOUR MONEY-

The Frederick operations with invalid and worthless real estate instruments closely follow the similar Stevens operations at Clayton and the gross irregularities in the business methods of the Nicholls-Ritter concern, for whose creditors by the way, Mr. Frederick is still a trustee by appointment of the Federal Court.

One of the regrettable features of the situation is that there are some minds in the community which will be placed in an attitude of unreasoning suspicion by exposed unworthiness in cases which not only are very few, but very exceptional when we consider the vast volume of the annual transactions by which real estate is in some way affected. The organized real estate dealers are wisely taking steps to prevent the significance of the late fraudulent deals from being exaggerated. The facilities for ascertaining the validity of all instruments covering real estate are simple and adequate. A large measure of personal re sponsibility cannot be escaped by trustful but careless persons who are victimized through accentance of fictitious instruments. One result of the scandals will be to emphasize the importance of ascertaining the genuineness of instruments before paying one's money.

The Torrens system of title guarantee, for which the Post-Dispatch has long fought, is suof a few dollars to a title expert will insure a fair measure of safety in the matter of validity.

MR. PLAYER'S RAISE IN PAY.

F course, Mr. Player will refuse the \$3,000 increase in his salary to which the City Counsellor says he is entitled under the new charter. He will thus prove his economic sincerity in opposing a raise in pay for everyone else in the employ of the city, and add to his argument the force of shining example. Mr. Player is our jimdandy economist, and at a time when Miss Rumbold and some others are conspicuously asking the city for more he can stand pat on what he is getting now with an effectiveness that cannot be discounted.

That he will disappoint our rapt expectation we have not the least fear. Buoyed as we are by King George's offer to give up liquor in the royal household if the rest of England will give it up, we are with that faith in the unselfishness of humankind which accepts any promising thing as a probable fact and resolves the most ultimate likelihoods into that seeming of certainty where the prospect pleases. Mr. Player is worth \$10,000, as he will prove by refusing to accept eight. We suggest giving him the \$5000 which he will no doubt wish to retain and devoting the balance to the fight on tuberculosis or some other good cause with respect to which Mr. Player's admirable zeal for economy carried him too far.

"I don't live here, so I do not care what they think," said Pussy Kitten standing up on all four legs as if to go

hiding place behind a rock, "and he is white all over, just like me. I wish had a tail like that. I wonder if could get him to part with it."

Bunny Rabbit was note quite sure Pussy Kitten was not a dangerous animal, so he hopped out from his hiding place a little way and said: "Good day, this is fine weather we are having." Pussy Kitten stopped jumping abou and playing with the dry leaves and looked at the curious creature with the long ears, but before he answered Pussy Kitten ran on top of a rock and hump his back.

"Come with me and I will show you nice place to sit and talk," said Bur Rabbit.

"Oh. I don't want to talk," said Pus y Kitten. "I want to have some fun chasing leaves and chasing my tail. I can never jump and play all I want. My mother makes me stop out of doors be-cause I bother her when she wants to sieep, and in the house the mistress says I knock things over, so I want for once to have all the fun I can."

Pussy Kitten looked surprised, for that was the thing of which he was most

he spoke his mind right out.

ably Austria might have been willing to compromise. But by leaving his attitude uncertain, letting us understand that he was not bound to go to war, Sir Edward Grey certainly brought about the war. If he had decided at once, one way or the other, he could have avoided this terrible thing."

The next question discussed was nection with the fact that practically no efforts had been made by the allies to force an entrance into Germany by Pallin declared that such efforts would always prove useless. He insisted that it would be an utter impossibilit for the enemy to gain an entrance by ship; that no allied naval force would ever attempt to come in this close proxnity of the German coast, so efficiently had a line of defense been established long the German coast.

Woolworth Company Increases Common Stock Dividend. NEW YORK, April 14.—Directors of the F. W. Woolworth Co. today de-clared a quarterly dividend of 14, per cent on the common stock, an increase of ½ of 1 per cent. This places the stock on a 7 per cent basis.

circulated to the effect that the Hamburg-American Line, because of the uncertainty of the duration of the war, had decided to get rid of its ships and that the monster floating palaces of the line were, in fact, on the market to day.

"Nothing to that at all," promptly replied Ballin. "We have no ships for sale. While we cannot tell just when the war will come to an end, yet were we to sell our steamers it would take us years to replace them, and ship yards are pretty busy just now.

"Let me tell you something. We had ever so many offers from America for our ships. Americans thought we might be siad to sell them because of the war, but we declined every offer, and, what is more, we will continue to insist upon such declinations, no matter how flattering the offers might be.

"To Bulla New Cargo Steamers."

"Of course you have heard that we sold the Dacia. We did that. She is an old boat, and there is still another of the old and small boats we got rid of, but as for the rest we shall hold no to them until peace comes to us, whenever that may be. We are declining all offers and are not in the market."

The interview was interrupted for a moment by the appearance of a messenger, who handed a telogram to Ballin. Excusing himself for a moment, he broke the seal of the messenger. Exchange Is Higher.

"A rather sharp advance in exchange on London was taken, in the sterling market, to reflect the extremely heavy sales of our stocks from England, during the turbulent rise of prices in New York. It is not yet possible to make the close estimates of the past week's foreign realizing. But it is known to have reached high figures, and, indeed, that result was insured, not only by the unsexpectedly rapid raising of New York's bid for these London holdings, but by the fact that, with possibly two exceptions, every active stock on the international list has gone in London well above the London 'settlement price' of July 27, at which price, under the British treasury's agreement, liquidation of London bank collateral would automatically begin. Berlin exchange this morning went to a still lower record.

Iron Trade Irregular.

"No general revival in the steeling the first bear of the list was grand the disturbing feature of today's weekly review of the Iron Age. Progress is still disappointing in the industry, except that the 'war orders' promise early and large expansion in the exports.

TRADING IN WALL STREET

Over 200 Shares of Bank of Commerce Sell at 110, or a One-Point Gain.

The activity in the Wall street market is beginning to reflect in improved sentiment in local stock trading, and some time. The range of prices on many issues was sharply higher, and brokers are to confident that better times are in sight in the financial district.

National Bank of Commerce was the most active issue traded in, and sold to the extent of 225 shares at a point advance at \$109 to \$110. The issue was in good demand at the close of trading with no stock offered. Mercantile Trust was another strong stock, gaining 1½ points on a trade at \$331. 50 and late bids at \$331, without offers. Other bank and trust shares quoted mostly showed gains.

rush.

Reports of dry weather in sections of the domestic winter wheat belt, a rise of over one penny in cash wheat in Liverpool, and a revival of export demand forced the advance. A big "short" interest in the market caused by selling on the recent perfect crop outlook aided the upturn.

May wheat opened at \$1.51 and sold at \$1.56. It closed yesterday at \$1.50½, p July started at \$1.18%, or the same as yesterday's close. It sold at \$1.25½.

Two months ago May wheat touched \$1.62% and July, \$1.39%, record prices since the war in Europe began. promise at this time over the larger part of the area is above the average. Oats seeding is pretty well out of the Central States and is progressing northward. Corn planting is under way in the South and Southwest and spring plowing is reported all over the wheat and oats belt through the Canadian provinces. The season, which promised to be backward, will average very well with former years."

Russell's New York News said: "The announced decision of the English Government not to buy more wheat is havin ga material influence in the cash wheat market. Bids are being received here from England and other cables are received asking for firm offers from this side. For some time past private interests have been holding off fearing the Government competition. The firmness of the near positions this morning is attributable in part to this demand. Some business has been effected. There is a demand for spring wheat and some parcel lots of hard winter have been worked."

SN'T it getting a little dark for sewing?" asked Mr. Jarr cheer-ily as he came home the other evening to find Mrs. Jarr sitting at the window in the waning light of the chill spring late afternoon.

'Oom thish oom bush so sosh pickler,' was the Delphic reply, and then Mr. Jarr was aware she was speaking as though she had a mouthful of mush be-cause she really had a mouthful of pins.

"What say?" inquired Mr. Jarr.
Mrs. Jarr took the pins out of her mouth because she wished to make clear to him the matter of her wifely sacri-

'I was saying this work was not pa ticular," she said in pinless tones. "It' only my old taffeta dress. I got som goods to match it and I'm putting new sleeves in it so I can knock a turn or two out of it. I am not so fortunate as some women, like Clara Mudridge-Smith, for instance, who can get a nev dress every five minutes."

What was the matter with the old sleeves?" asked Mr. Jarr. "Did you tear

I ripped them out," replied Mrs. Jarr "and I had the hardest time to get the material to match the rest of the gown it was so long since I got the dress." "How did you come to rip out the sleeves? Did you have any accident on the street car?"

"Listen to the man!" cried Mrs. Jarr impatiently. "Certainly I did not have any accident. If I did I could get a new dress from the street car company as Mrs. Hickett did the time she got off the car backward and broke her arm. But Mrs. Hickett always was lucky."
Mr. Jarr could not see Mrs. Hickett's adventure of the torn dress and the broken arm in the light of luck, but he

did not wish to argue.
"I never recognized how radical the changes in style were until I went to the theater the other night and looked at the dresses in the boxes. If ever 'working woman' was written on anybody's clothes they were on mine—and on a good many other women's clothes at the same theater, if that's any con-

"Well," said Mr. Jarr softly, "you are a working woman and I am a workingman. I don't see why we should be snobs and not acknowledge the fact." "Why don't you be a regular Euro pean peasant like in a comic opera and wear a workingman's blouse and be done with it then?" asked Mrs. Jarr.
"I notice you are careful to dress like a business man and wear the same kind of hat and clothes most fairly wellto-do men wear."
"Well, cheer up," said Mr. Jarr, "the

worst is yet to come. Fact is, old lady, I did a little bit of extra business for the boss today that pleased him highly and he has promised me a check for hundred dollars. You can take it and buy anything you want with it." 'Won't that be splendid?" said Mrs

Jair, brightening up. "I can get a with gaiters to match and the dearest little hat I saw downtown the other day. I paid \$2 on it and asked them to put it away for me. I think it's real sweet of your to tell me you are going to give me the check to buy a new out-Goodness knows I needed it, but then that isn't your fault, for when do give me a fittle extra money there is something needed for the house or for the children. But this time I'll get a dress and hat for myself"

Sure you must," said Mr. Jarr, and Mrs. Jarr put away her sewing ma-But when Mr. Jarr came home a few days later, after giving Mrs. Jar the dheck, he found new china on the table, a new rug in the parlor and Master Willie Jarr and little Emma rejoicing in new clothes.

Where did all this splendor come from?" asked Mr. Jarr. "Why, the check for a hundred dol-lars you gave me," was the reply.

"Why, I gave you that money to get yourself a new dress and a new hat and the other things you needed," said Mr "Oh, never mind," said Mrs. Jarr. ")
